Thought for the day

"I can't change the direction of the wind, but I can adjust my sails to always reach my destination."

Jimmy Dean

Our Café has re-opened! Everybody welcome! Volunteers needed to run various sessions. Please contact Christine Hanby on Tel: 848276 if you would like to join the team.

Volunteers old and new required by the Youth Team – whatever skills you have or the time you are able to give, please do have a look at the attached roles and let Wendy or Helen Cross know if you would be willing to help us serve our children and young people.
This will operate on a rota so that you are able to give as much or as little time as you can. Church DBS certificates are required - we can arrange a DBS check for any volunteers without one.

Louise and Team

Cardboard inner tubes - from kitchen rolls required by our Youth Leaders. Please could you save any you use and bring into the Office at any time. Many thanks from the Youth Leaders.

Looking ahead - Macmillan Coffee morning – Friday 24th September 2021

Here in the Community Hall 10.00 – 12.00. Nearer the time, donations of cakes and bakes would be gratefully received.

Huge thanks to everyone who came and helped and spent money at the Garden Party last Saturday. It was all about community and seeing one another but we also raised just over £1300 in the process - a huge thanks to all.

Our Harvest Community Art Project Whether you want to knit, stich, sew or colour, help us to celebrate harvest time with your creations. Patterns are available from the Parish Office with all creations required back by the 27th September. Please see the attached poster

YouTube Services - Volunteers are needed to help operate an enhanced YouTube service from September. New equipment is being provided that will integrate the church camera and sound system to allow a full service to be projected simultaneously in the building and on the internet. The service will be experimental at all 10am services from

12th September and the design will evolve as we discover how it works. This would suit anyone with agile minds and hands plus an interest in IT or media studies and may contribute towards a Scout IT badge, DoE qualification or similar. Expressions of interest to Richard Carew, Helen Wren, Peter Wheatcroft or any of the technical team. Training will be provided.

Tadcaster Road transport improvements City of York Council and the West Yorkshire Combined Authority are proposing a series of walking, cycling and bus improvements along the Tadcaster Road which will help provide a more attractive, safer and convenient route for all and to ensure that the road continues to cope with the current and future travel demands. City of York Council has set ambitious but necessary targets to become a net zero carbon economy by 2030. To achieve this we need to give priority to public transport and increase safety of walking and cycling to help make more efficient use of road space and promote healthy active travel modes. https://www.yourvoice.westyorks-ca.gov.uk/tadcasterroad
